Learn about the “nuts and bolts” of pharmacist prescribing of naloxone in order to provide these services at your pharmacy.

Presenter: Fiona Karbowicz, RPh, Pharmacist Consultant, Oregon Board of Pharmacy

Ms. Karbowicz has over 15 years of experience as a retail pharmacist in chain and independent pharmacies. She began work with the Oregon Board of Pharmacy in March 2011 as an Inspector and has worked as the Board's Pharmacist Consultant since early 2014.

At these continuing education events, pharmacists will:

- Understand how to prescribe the various formulations of naloxone consistent with Oregon Board of Pharmacy regulations
- Understand the Good Samaritan Law
- Learn how to educate the patient on proper administration of naloxone
- Understand the importance of utilizing the Prescription Drug Monitoring Program
- Understand new rules for pharmacy collection of unused medications and safe drug disposal

Continuing Education

The Oregon Board of Pharmacy has approved 1.5 continuing education credit hours for completion of this activity.

RSVP is required. Dinner and continuing education credit will be provided free of charge.

Note: [These continuing education events are available at no-cost to pharmacists and pharmacy technicians.](#)

We expect this to be a popular event and therefore encourage participants to register early as we may need to cap registrations if occupancy is exceeded.
