

## **CURRENT RESIDENTS (2016-2017)**

**Luis Gonzalez, PharmD**, is one of three PGY-1 community pharmacy practice residents at Oregon State University. His primary practice site is at the Yakima Valley Farmworkers Clinic - Salud Medical Center in Woodburn, OR where he both provides traditional pharmacy services and ambulatory care services. He is originally from El Paso, Texas and earned his Doctor of Pharmacy degree from the University of New Mexico College of Pharmacy in 2016.

Luis is a member of the American Pharmacist Association, American Society of Health-System Pharmacists, Oregon State Pharmacy Association, Oregon Society of Health System Pharmacists, Phi Lambda Sigma Pharmacy Leadership Society, and the Phi Delta Chi Pharmacy Fraternity. His professional interests include; ambulatory care with an emphasis on diabetes care, academia, transitions of care, and providing care for the underserved.

In his free time, he loves exploring Oregon with his girlfriend and his Pug named Lucky and staying active with his personal interests, which include; football, soccer, and watching movies.

**Brian Haggblom, PharmD**, is one of three PGY-1 community pharmacy residents at Oregon State University. His primary practice site is the Community Health Clinics of Benton/Linn Counties where he provides traditional pharmacy services at the Benton Health Services Pharmacy and ambulatory care services at the East Linn and Benton Clinics. He is originally from Canby, Oregon and completed his Pharm.D at Oregon State University and Oregon Health and Science University. Brian was heavily involved with student activities serving as the APhA-ASP and OSPA Chapter President.

Upon graduation in 2016, he was the co-recipient of the Most Outstanding Graduate Award given by the Faculty and Staff at the College of Pharmacy.

Brian's professional interests include ambulatory care, medication therapy management, working with underserved populations and health coaching. He is really excited to have the opportunity to work alongside the exceptional medical staff at Linn and Benton County Health Centers.

In his free time, Brian enjoys everything the Pacific Northwest has to offer including sports, hiking, photography and most importantly - food.

**Michal Lipkin Mingura, PharmD**, is one of three PGY-1 community pharmacy residents at Oregon State University. Her primary practice site is the OSU Student Health Services Pharmacy where she provides traditional pharmacy services and is developing innovative clinical pharmacy services. Michal also spends time at the Monroe clinic within the Community Health Clinics of Benton/Linn Counties and the Salud Medical Clinic in Woodburn to provide additional clinical ambulatory care services. She earned her Doctor of Pharmacy from the University of Southern

California after completing a B.A. at the University of California at Berkeley.

She comes to pharmacy after careers in stage management and veterinary medicine and is excited to integrate her varied experiences into the practice of pharmacy. Her professional interests include disease state management, medication therapy management, teaching, academia, veterinary pharmacy and travel medicine. She is a member of the American Society of Health-System Pharmacists, American College of Clinical Pharmacy, California Pharmacists Association, Oregon State Pharmacy Association and the Lambda Kappa Sigma Professional Pharmacy Association.

In her spare time Michal enjoys baking, horseback riding, crafting, reading, renovating her new house with her husband Eddie and exploring the Corvallis area with her maltese-mix Molly.

### **PAST RESIDENTS**

**Cassandra Dotson, PharmD**, (Resident 2015-16) was the fifth community pharmacy practice resident in the Oregon State University/Salud Medical Center residency program. She completed her Bachelor of Science at Oregon State University and received her Doctorate of Pharmacy from OSU College of Pharmacy. During her residency, Cassandra worked on expanding pharmacist prescribing of contraception post-implementation of the landmark legislation passed by the Oregon legislature in 2016.

2016 Update: Cassandra is working at Samaritan Health as an inpatient clinical pharmacist. In her free time she enjoys hiking and spending time with her husband and her infant son.

**Kaylee Williamson, PharmD**, (Resident 2014-15) was the fourth community pharmacy practice resident in the Oregon State University/Salud Medical Center residency program. Kaylee was born in Laguna Beach, CA and was raised in Springfield, OR. She completed her Bachelor of Science at Oregon State University and received her Doctorate of Pharmacy from OSU College of Pharmacy. During her residency, Kaylee worked on expanding pharmacist driven clinical services and researched patient perception and disclosure of natural and herbal product use in the population. Kaylee has a special interest in diabetes care and education, MTM, immunizations and underserved populations.

immunizations and underserved populations.

2016 Update: Kaylee is currently working at Salud Medical Center as a clinical staff pharmacist in the pharmacist managed anticoagulation and diabetes clinics. Additionally, she is a staff pharmacist for various Bi-Mart locations. In her free time, she enjoys reading, writing and exploring Oregon and traveling with her husband and one-year-old son.

**Christina Buchman, PharmD**, (Resident 2013-14) was the third community pharmacy practice resident to complete the Oregon State University Student Health Service program. Christina graduated from the University of Montana Skaggs School of Pharmacy in 2013 with a Doctorate of Pharmacy. Christina was born in Kalispell, Montana but spent most of her life in Missoula, Montana where she attended school. During pharmacy school Christina worked as an intern for the University of Montana Student Health Pharmacy. She completed her residency and pharmacy school while balancing life with her kids and husband and dog.

Christina is a member of American Pharmacists Association and Montana Pharmacists Association. Christina's primary interests are in increasing patient understanding of their medications, diabetes management, and expanding the roles of community pharmacists.

2016 Update: Christina went on to complete a PGY2 residency in Drug Information/Academia at the University of Montana. Post-PGY2 she accepted a position as a Clinical Assistant Professor for Washington State University College of Pharmacy with the new Yakima Extension Program located on the Pacific Northwest University of Health Sciences campus. Christina teaches a variety of classes, but her main focus is on the Applied Patient Care laboratory classes where she feels that she can make the biggest difference by showing students the expanded roles pharmacists can play in their communities.

**Naomi Lam, PharmD**, (Resident 2012-13) was the second community pharmacy practice resident in the OSU Student Health Center Pharmacy Residency. Naomi earned her Doctorate of Pharmacy degree at Oregon State University (OSU) College of Pharmacy in 2012. In 2009 she earned her Bachelor of Science in General Studies from Oregon State University.

After completing her residency, Naomi worked as a Clinical Pharmacist to provide clinical expertise in pharmaceutical benefit design, disease management, and claims adjudication at Moda Health. She worked collaboratively with multidisciplinary team to develop and enhance the Medicaid, Medicare Part D, and other formularies necessary to provide high quality, cost effective pharmacy benefits and services to members.

2016 Update: Naomi is currently serving as a Pharmacy Consultant at QuocAnh Hospital in Vietnam. It is a privately owned hospital which houses 100 beds. Conveniently located in Binh Tan District, it provides affordable and comprehensive health care for the locals. As Director's Consultant she reports directly to QuocAnh Hospital's Director, Vice Director, Chief Operating Officer. Her role is to provide clinical services that meet the cost and quality challenges.

**Savanna Muravez, PharmD, BCPS**, (Resident 2011-12) was the first community pharmacy practice resident in the OSU Student Health Center Pharmacy Residency. Savanna earned her Doctorate of Pharmacy from Oregon State University College of Pharmacy in 2011. In 2007, she earned her Bachelor of Science in Biology from Oregon State University. Savanna was born and raised in Kailua-Kona, Hawaii.

After completing her residency, Savanna worked as a staff pharmacist at the OSU Student Health Pharmacy serving as a preceptor for both residents and pharmacy students. During her time at OSU, she worked to expand the residency program to include additional practice sites at Salud Medical Center, she developed the latent tuberculosis monitoring program, and she went on to become board certified in pharmacotherapy.

2016 Update: Savanna is currently serving as a clinical pharmacist at Providence Health Plan in Beaverton, Oregon. In the managed care setting, her focus is drug utilization, particularly medication prior authorization, and medication therapy management.
